

3 reasons to choose MyFolio for pensions

For financial advisers only

1. Simplify your client's fund choice

With so many funds to choose from, choosing the right one can be daunting. With only five MyFolio Market funds, this makes your client's choice a lot simpler.

2. Performance of a pension invested in MyFolio III

Here's how a single pension contribution of €10,000 invested in MyFolio Market III has performed since launch.

Remember

Making the most of tax relief means more money in your client's pocket

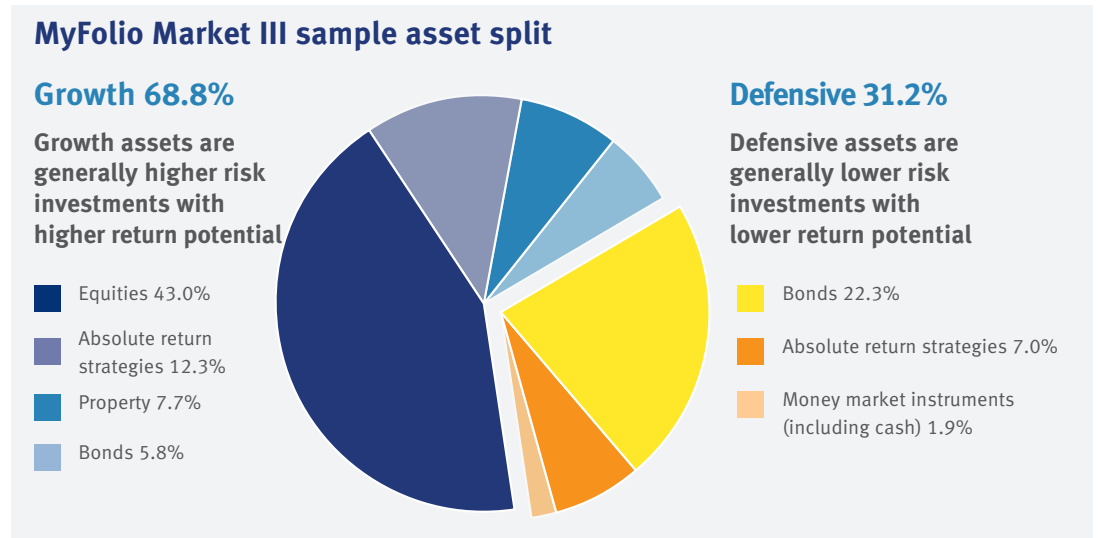

Source: Financial Express. Performance to 31 July 2018. Net of Annual Management Charge (AMC).

This example assumes 100% net allocation rate, and excludes all policy charges, including FBRC, early encashment charges and exit tax.

The period of performance shown does not reflect the long term nature of investments.

3. Diversification

Each MyFolio fund invests in a broad range of assets. This helps spread the risk.

Monitored, reviewed and rebalanced

The assets in these funds will all perform differently at different times. So, each fund is regularly monitored, reviewed and rebalanced to ensure they continue to match your client's attitude to risk.

Special Terms until 31 December 2018

Get an extra 1% allocation on Option D for amounts over €50,000.

Past performance is not a reliable guide to future performance. The value of your client's investment may go down as well as up and these funds may be affected by changes in currency exchange rates. A decision to invest should not be solely based on the information in this document.
